CERSAIE 2024
GLOBAL PREVIEW

Ogni mattina il mondo è un foglio di carta bianco e attende che i bambini, attratti dalla sua luminosità, vengano a impregnarlo dei loro colori.

Every morning the world is a white sheet of paper and waits for the children, attracted by its brightness, to come and imbue it with their colors.

Fabrizio Caramagna

A collection
designed by
ZeTae Studio

ZeTae Studio nasce Napoli nel 2012 ed è lo studio di design del prodotto e d' interni di Ettore Ambrosia e Fabio Chianese.

Guidati dall' idea che i prodotti fissano il tempo di un design in divenire, i progetti dello studio *ZeTae* si contraddistinguono per il dialogo che instaurano con l'ambiente cui sono destinati e talvolta mostrano apertamente le contaminazioni e le influenze alla base della loro ricerca, sempre contraddistinta da un'elevata attenzione al dettaglio tipicamente sartoriale.

Guided by the idea that the products set the time of an evolving design, the projects of the *ZeTae* studio are characterized by the dialogue they establish with the environment for which they are intended, and sometimes openly show the contaminations and influences at the base of their research, always characterized by a high attention to typically sartorial detail.
